

# ECG Surveys

Get access to the industry-leading benchmarks, tools, and experts you need to elevate your organization's performance.

## PHYSICIAN & APP COMPENSATION SURVEY

In its 24th year, this survey includes in-depth specialty-specific compensation, production, and benefits benchmarks from over 100,000 physicians and APPs across 178 physician specialties and 30 APP types.

## PEDIATRIC SUBSPECIALTY PHYSICIAN & APP COMPENSATION SURVEY

The only industry survey dedicated to the pediatric market, this data set pulls compensation, production, and benefits benchmarks from nearly 18,000 pediatric providers across 54 pediatric physician specialties and five types of pediatric APPs.

## MEDICAL GROUP PERFORMANCE SURVEY

Our comprehensive cost and performance report uses well-defined and consistent revenue, expense, and staffing data to compare members to benchmarks at the medical group and service-line specific levels and identify cost saving opportunities.

## PHYSICIAN BENEFITS & PERQUISITES SURVEY

Done in collaboration with Mercer, this survey is a leading source of credible data on a variety of benefits topics, including retirement benefits, severance benefits, health and welfare benefits, and perquisite practices.

## FACULTY COMPENSATION & PRODUCTION SURVEY

A highly targeted data set focused on academic faculty physicians and APPs with benchmarks available for teaching and non-teaching cohorts and faculty rank by specialty. This survey includes compensation and production benchmarks.

## VALUE-BASED CONTRACTING & PHYSICIAN COMPENSATION SURVEY

This survey provides data on utilization and risk-based performance metrics along with detailed analysis of market trends and opportunities to help inform physician compensation models and structure.

## SOCIETY & ASSOCIATION SURVEYS

Our custom surveys are conducted in partnership with an association and typically focused on a single-specialty. These surveys often include in-depth compensation, production, benefits, and custom benchmarks that utilize the society's membership base to achieve sample sizes that other industry surveys cannot match.

## ADVANCED PRACTICE PROVIDER COMPENSATION SURVEY

This survey dedicated to advanced practice provider types includes in-depth specialty-specific compensation, production, and benefits benchmarks from over 28,000 APPs practicing within 146 specialties and 30 APP types.
